# News

Time moves on very quickly but you will all be pleased to know that a constructive inaugural meeting took place with lots of discussion about this wonderful breed.

As a result a steering Committee was formed in accordance with Kennel Club rules.  
Chairman – Peter Swinburn  
Hon Secretary - Sue Parkin-Russell  
Hon Treasurer – Steven Brailey

Committee Members: Cynthia Bailey, Lucy Denman, Alan Mease, June Miles, Lynne Russell, Julia Swinburn & Shelia Tickle.

Formal application for a Club has been forwarded to the Kennel Club and an acknowledgement has now duly been received.

It hoped to have some event to allow members to get together and in doing so meet each other together with some Great Swiss mountain dogs so that the Committee can take on board what members would like the Club to do in the future, after all it is the member's Club.

Please feel free to inform one of the Officers or Committee should you have any suggestions or would like any information.

As you can all appreciate this is a new venture for this breed and we all want to do the best for this magnificent breed.

Perhaps you have some stories about your own Swissie and if you would like to send it in so that we all could enjoy then please contact at this stage our Secretary Sue. Also in the same instance if you have some news for the dog paper perhaps you could send it to Julia Swinburn who will perhaps put it into Our Dogs a weekly dog paper she can be contacted on 01889 568341.

We welcome all news that we can share with other members and appreciate all your continued support as a founder member despite the gaps between news. As you can all appreciate as a young Club we need to build together, which in the first instance will obviously be slowly.
